# ROMANS PROJECT

Equipping pastors to abide in and feed their congregations from God's Word.

## Cameroon

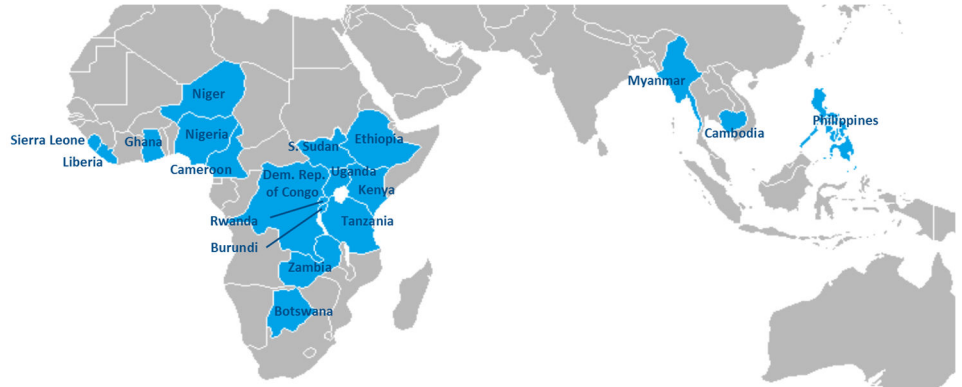

The Romans Project officially expanded into Cameroon this past month. Introductory meetings were held in four primary cities beginning with several successful meetings in Limbe. These were followed by introductions in Buea, Bamenda in the north, Yaounde in the south, and a final meeting in Douala. The team was able to do live interviews on several radio stations and it is possible that Pastor Scott Gilchrist and the Romans Project teachings may be broadcast on some of these stations! Pray that the pastors who were introduced to the Romans Project would accept the challenge and begin to read and write Romans.

## Translation To Continue

As the Project begins to take hold in Cameroon, the need to translate into the local language of Khmer will soon become necessary. This is an example of the growing need to provide the teaching on the Mp3 player in the local languages spoken by the pastors. This is a huge task and we are pleased that Wakshuma of Ethiopia will be leading four translation workshops in the next year. Wakshuma, has worked closely with Marshall Brown on previous projects and will

Wakshuma at Resurrection Gardens Center, Nairobi, where the translation workshops will be held.

coordinate recording sessions in Kenya with gifted linguists from several surrounding countries. Please pray for the financial resources to cover these translation workshops. If you

would like to partner with us in these you can do so by returning the enclosed response card or online at [romansproject.org/donate](http://romansproject.org/donate). Thank you for your prayers and support!

## In Their Own Words

There are many benefits to reading the book of Romans 20 times. I have found that the more I read the more understanding and clear it became. I gained a proper understanding on salvation, justification, freedom of a believer in Christ, imputation of God's righteousness on believers and God's love for mankind.

It has also taught me to do the same to all books of the Bible. This is a very recommendable way of studying God's Word. It has brought growth in my life and it will bring growth in the entire ministry. I want to introduce the same course to my church members.
