

Equipping pastors to abide in and feed their congregations from God's Word.

## East Africa Consultation

The East Africa Consultation meetings in May were a great success! Each director shared a report of the work in his country. The testimonies of the sacrifices, struggles and blessings of this work of challenging pastors to read Romans 20 times and copy it out by hand were encouraging and in many cases amazing. For example, one "pastor" in Tanzania had inherited his church from his father and for 20 years he was empowered by involvement in witchcraft. Someone invited him to attend the Romans Project conference, so out of curiosity he decided to go. When he heard the challenge to read the book of Ro-

mans, he felt something inside of him telling him to do it. As a result of reading Romans repeatedly he heard the gospel, repented and was born again. He invited our Director to join him when he burned all the charms and paraphernalia involved in his completely false and deceptive "ministry."

The Lord has abundantly blessed the Romans Project by bringing truly godly men of integrity and faith to be our country directors.

### IN THEIR OWN WORDS

The reading of the book of Romans has really opened my mind and spirit to love the discipline of studying the word of the Lord. The book of Romans has unlocked the difficulties I had when reading other Bible books.

I, Martin, Chiluba, have benefited and been blessed by reading the book of Romans 20 times and writing it out. It has really changed my understanding of the Bible, especially about the law and the grace of God. I used to have problems with reading the Bible for too long, but after reading the book of Romans, I can testify that my understanding with the Word of God has come to me more clearly and I believe my walk in my Christian life will never be the same again.
