

Equipping pastors to abide in and feed their congregations from God's Word.

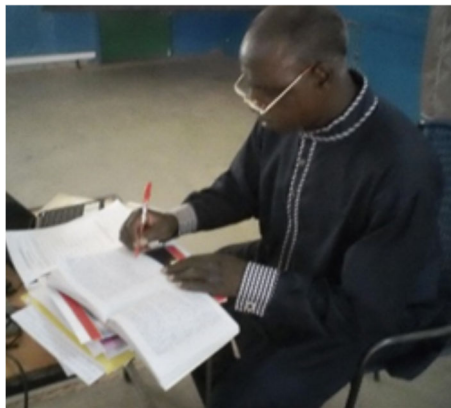

Continued Growth

It is so encouraging to see how the Lord has once again opened the door for the Romans Project to expand to a new country in Africa - Burkina Faso. Pastor Daniel Salamu has been strategic in connecting us to the key leaders. We will now launch with hundreds of pastors beginning the wonderful experience of abiding in Romans by reading and writing it. Please pray that we can translate many more of the Bible books on the mp3 player into French as more West Africa French speaking countries are calling for the RP to come to their countries.

Nigerien Pastors Receive Mp3 Players

Titus Turaki, Nigerian Director made a safe trip to neighboring Niger to award pastors their mp3 players. He says "it is always an exciting moment when they receive their players." Below are some pictures of the day.

IN THEIR OWN WORDS

Having read the Bible book of Romans, my spiritual life has been improved both in preaching and teaching. I hope that this project shall continue so that my spiritual life will continue to improve, for many lost souls can be won to Christ.
