ROMANS PROJECT

Equipping pastors to abide in and feed their congregations from God's Word.

Report from Togo

John Doh-Ahialoho, Togo's National Facilitator registered 21 new Romans Project challengers in July. Early in the month, John was given the opportunity to share about the Romans Project with church leaders at a regional leadership conference he attended. After he spoke, 17 people accepted and signed up to participate in the Romans Challenge. A couple weeks later, John hosted a missionary couple and two pastors in his home in order to share with them about the Romans Project. All four of them also accepted the Challenge and agreed to read and write Romans.

Gathering of Church Leaders

Please pray that John will continue to share about the Romans Project, whether in large gatherings or privately in his home, and that more and more pastors and church leaders will take up the Challenge in Togo.

Report from Chad

In July, Doldiguim Boungar, National Facilitator for Chad registered 21 pastors and church leaders who accepted the Romans Challenge, and also celebrated the completion of the Romans Challenge with 12 others, awarding them their certificate and device containing Pastor Scott's messages.

New RP Alumni

Pastor Mahamat Ali Djimé, who was one of the pastors to complete the Challenge, had this to say after spending time reading and writing Romans, "Romans is a strong exhortation that transforms our lives and our hearts. I want to say to other people that if they want to understand the Gospel, let them read Romans."

Please pray those who finished the Romans Challenge to have a contagious love for Romans and will want to tell others how the book has transformed their lives and hearts.

Zimbabwe Launching

Last month we brought to your attention the new webpage on the romansproject.org website that has a map showing all the countries the Romans Project is in currently, and those where we are working toward launching in the coming months. Just this week we changed Zimbabwe to yellow, indicating that it is another country, Lord willing, that will be launching very soon. Interest is being shown by pastors and church leaders, as well as RP Facilitators from neighboring countries, to bring the Romans Project there.

Please pray for the Directors of Ministry as they consider a leader to serve as the Zimbabwe National Facilitator.
