

February 2023

Equipping pastors to abide in and feed their congregations from God's Word.

2023 Asia Facilitators Gathering

Pastor Carl will be traveling at the end of this week to the Philippines where he will first visit SWBIBLE's Global Outreach Workers Ed and Claire Miranda, and their ministry (Sagip Community Life Center) and church (Sampaloc Bible Christian Community). Then, both Carl and Ed in their Romans Project roles will gather in Mindoro with Pastor Cesar, the Romans Project SE Asia International Facilitator, along with nine other RP facilitators serving throughout five countries from South and Southeast Asia. Much like the two conferences held last fall in Nairobi, Kenya and Accra, Ghana, these leaders will spend three days together for a time of training, equipping, encouraging, and strategic planning for reaching more pastors throughout Asia with the Romans Project Ministry.

Please pray for these men as they gather in Mindoro, that the time together will build unity and produce a renewed zeal for serving the Lord through the Romans Project.

Pastor Gary to Malawi

Later this month, Pastor Gary Dozier, Romans Project Director of Ministry, will be traveling first to Nairobi, Kenya, where he will connect with Africa International Director, Ken Onywoki. From there, the two of them will travel on to Malawi where they have been invited to introduce the Romans Project at two separate pastors' conferences where upwards of 1000 pastors are expected. When he was initially invited by Malawi's RP National Facilitator, Sibusiso Chisi, Gary thought, "1000 pastors! How could I not go?" Having just opened up to the Romans Project in June 2022, this is an amazing opportunity for the growth of the RP in Malawi.

Praise God for this opportunity and for opening the way for Gary to be able to go and present the Romans Project to pastors in Malawi. Please pray that the pastors who hear about the RP will be eager to participate in the initial Challenge, and that God will grow their faith and understanding of the gospel as a result.

Justin Birangwa

Rwanda Report

In a recent report, National Facilitator Justin Birangwa shared of several instances where pastors were telling other pastors about the Romans Project. Justin tells of one preacher, Alexis Mutume, who was excited as he read the book of Romans, and his excitement caused him to spread the RP vision to eight more preachers who also accepted the challenge. Alexis is now writing and is eager to get his device containing Pastor Scott's sermons at his commissioning. Justin also mentioned a conversation he had with Pastor John from Eastern Province, an RP alumnus. "He shared with me how he has been teaching the book of Romans and recruited 12 pastors under his influence who accepted to start the RP initial challenge. This was an encouraging call."

Praise God for the multiplication of the RP in Rwanda and for the iron sharpening iron taking place as one pastor encourages another, and then another...
