## ROMANS PROJECT

May 2014

### Pastors Conference, Zabolo, NIGERIA

The conference took place on April 23, 2014. It was a huge success. This was as result of the RP awareness done by National Coordinator Titus Turaki.

Checking their exercise books and the Affirmation sheet before issuing the MP3 to successful pastors.

200 people attended, and 134 collected their MP3. More are working hard to finish, to collect the MP3.

### Translation of Romans has begun

Scott has begun teaching Romans with the express purpose of translating the messages into several different languages. When complete, the Romans Project will have the potential to expand beyond English-speaking African nations to those who speak, Amharic, Swahili, Kinyarwanda and others.
