

September 2023

Equipping pastors to abide in and feed their congregations from God's Word.

South Asia Update

As mentioned in a previous newsletter, there are several countries where the Romans Project is advancing and making an impact in the lives of pastors and their congregations. But for security reasons, we are unable to mention these countries by name in our newsletters. One of these high-risk regions is in South Asia. Despite the risk of persecution to the facilitators and pastors in this region, we have seen God raising up new facilitators and opening new areas to the RP on a regular basis.

One facilitator from this region who follows up regularly through WhatsApp with pastors who are engaged in the Challenge, shared this in his report: "I am so glad that the Lord has been doing great things through this RP Challenge in our region." He went on to report that 15 pastors had accepted the RP Challenge at a gathering held earlier that month.

Praise God for these facilitators who remain steadfast in the work

of the Lord and persevere in sharing about the Romans Project with their fellow pastors. Please pray for the Lord's protection over them and their families.

Romans Project Expansion

With the recent opening of another region in South Asia, the Romans Project is now in 50 countries/regions worldwide. This is exciting news indeed! God is truly blessing the efforts of the RP Directors and Facilitators by opening the doors to new regions, and moving in the hearts of hundreds of pastors each month to participate in the RP Challenge. Not since the Romans Project began have we seen such a steady increase in new openings and new pastor participants.

Praise God for His blessing on the Romans Project Ministry. Please pray for the RP leaders and directors in their administration of the RP. Pray also that the Lord will provide the added financial support to keep up with and continue the expansion efforts into new countries and regions.

31 pastors commissioned in Chad

DR Congo Update

It has been some time since we have reported on the progress of the Romans Project in DR Congo. Since early 2019, DR Congo has lacked a national facilitator to lead the country and do the work of inviting pastors to participate in the RP Challenge. New efforts are now being made by Africa International Director Simon Ramdé, to search for a new facilitator for that country. Simon provides leadership to the Romans Project French-speaking African nations.

Simon Ramdé, Africa Int'l Director

Please pray that the Lord will lead Simon to the man He has chosen for this position. Pray also for the pastors in DR Congo who have yet to hear about the RP, that they will be excited to participate in the Challenge, and that God will use their time reading and writing Romans to deepen their understanding of the Gospel.
